

C-KIT 100

(SKU: CRLS-K05FR)

More surface, more output:
optimized for INT & EXT locations

1. CONTAINS

- 1 x Frame with two C-Reflectors 100x100cm (Diff 1 & Diff 2)
- 1 x Frame with two C-Reflectors 100x100cm (Diff 3 & Diff 4)
- 2 x Cordura Speedbags
- 1 x Cleaning Kit
- 1 x Manual

Weight of one frame: 15kg / 33lb

2. C-REFLECTORS

PUNCH BLACK	DIFF 1	Hard circular ray of light
SKY BLUE	DIFF 2	Medium circular ray of diffused light
AMBIENT VIOLET	DIFF 3	Soft circular ray of diffused light
SUPER WHITE	DIFF 4	Maximum diffused reflection

Precision manufactured aluminium coated surface, 97% reflectivity (only 3% loss) & 100% color rendering

3. GOOD TO KNOW

- The C-Kit 100 has round edges so it's safe for use in tight locations. With its heavy duty design you can rig them on trusses, use them in all weather conditions.
- You have 4 holes on the corners for ropes - and the clamp levers have a special designed C-Friction. When you tighten the lever to the desired friction they won't unscrew. The corners of the frames are replaceable when sliding them in and out of the truck they will wear down but the frame will stay safe!
- Please take care to keep the open part of the Speedbag on the bottom! Otherwise you will ruin the bag when sliding. The corners are meant to wear down and be replaced.

By purchasing this Kit you can access the LIGHTBRIDGE PRO forum to exchange thoughts with the community.

MOUNTING

Comes with a standard 28mm male spigot.
