- 4 x Safeties
- 1 x Cleaning Kit
- 1 x Manual

Weight in total: 27kg / 59,5lb

Precision manufactured aluminium coated surface, 97% reflectivity (only 3% loss) & 100% color rendering

2. C-REFLECTORS

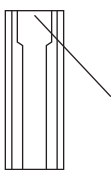

PUNCH BLACK	DIFF 1	Hard circular ray of light
SKY BLUE	DIFF 2	Medium circular ray of diffused light
AMBIENT VIOLET	DIFF 3	Soft circular ray of diffused light
SUPER WHITE	DIFF 4	Maximum diffused reflection

3. GOOD TO KNOW

- With the trolley wheels you can easily transport your CRLS to the set.
- When opening the lid, place the tray with the C-Wheels on the open lid. Take the small inlay for the C-Wheels and put it in the place in front of the tray. Now you have your own little CRLS workbench!
- There is enough place inside the case to bulk up your CRLS set with additional speedbags. Next to the 7x7cm C-Reflectors you can add some extra C-Wheels or Spigots.

By purchasing this Kit you can access the LIGHTBRIDGE PRO forum to exchange thoughts with the community.

MOUNTING

attach your C-Wheel or a C-Spigit via the easy access point of the Speedrail on the back of the C-Reflector.

VISIT

our YouTube channel or thelightbridge.com for videos on how to use the C-Reflectors and set-ups with the C-Kit Drive.
